5. COST BASIS REPORTING

The Roxbury Funds are responsible for tracking and reporting to the IRS your realized gains and losses on covered shares. In general, these are shares acquired on or after January 1, 2012. The Roxbury Funds default method for cost basis reporting is FIFO (first-in, first-out), which means the first Fund shares you acquire are the first Fund shares sold. You may change to another method below. **Note: IRS Regulations do not permit the change of the method on a settled trade.**

- I choose the Fund's default method of FIFO
- I choose a method other than FIFO:
- HIFO - highest-in, first-out LIFO - last-in, first-out
- Specific Identification Average Cost

If no option is selected above, your account will use the Fund's default of FIFO.
